

The American Red Cross Manatee County Chapter Thanks Our 2010 Heroes For Red Cross

One definition of a Hero is "a person noted for nobility of purpose." At the American Red Cross Manatee County Chapter, we couldn't agree more. Everyone— individuals, companies, civic organizations— everyone that helps the Red Cross deliver its life-saving services is a Hero in our book!

The Heroes Campaign is an important part of our year, because it helps the chapter to raise unrestricted operating funds. Unrestricted funds enable the Chapter to recruit and train volunteers, deliver community disaster education classes and health & safety training, run our Youth Corps, help families after home fires, and be prepared for hurricane season.

Thank you to the companies and individuals listed below for being our Heroes.
